# Southborough OPEN LAND FOUNDATION

Southborough, Massachusetts

# Who We Are

A private land trust founded in 1988, SOLF preserves and protects open space in Southborough. We are an all-volunteer organization with over 300 local members and a board of 14 trustees.

# What We Do

We own and manage 183 acres of open space. We also sponsor a variety of nature-based recreational and educational activities in cooperation with the Southborough Gardeners, Arts Center at Southborough, Southborough Extended Day, Boy and Girl Scouts, Southborough Recreation, and other organizations. Past events have included edible plant walks, invasive plant lectures, trail maintenance, field trips for school children, snowshoe clinics, an art show, and Earth Day clean up. SOLF also collaborates with the Town of Southborough, other land trusts, and state and federal agencies to conserve open space and promote bio-diversity.

# **Elaine Beals Award**

Each year, SOLF presents the Elaine Beals Award to an individual who has made an outstanding contribution toward achieving SOLF's mission.
