*Preserving and protecting open land and rural character in the Town of Southborough*

December 2024

Thoreau wrote “We need the tonic of wildness...” Strolling a path in the woods, sitting by a stream, standing in a meadow are ways we can begin to feel ourselves relaxing.

SOLF believes this completely, and it begins with preserving land. We now have close to 200 acres. Along with saving land comes stewardship to maintain access and keep invasives at bay. Because of your support we have been able to accomplish a tremendous amount, but we need your continued support.!
